Forecast For Northern Ireland
Issued by Met Office Aberdeen
at 1600 on Thursday 15 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Friday bright with variable cloud and sunny spells, very warm.

This Evening and Tonight:
Some late sunny then clear spells,though some areas of cloud, especially in the northwest later, and a few mist or fog patches could also form where skies stay clear. Winds remaining light. Minimum temperature 12 deg C (54 deg F).

Friday:
A rather cloudy start in northwest, but a dry day, with variable cloud and some sunny spells. Light winds, and becoming very warm. Maximum temperature 25 deg C (77 deg F).

Outlook for Saturday to Monday:
Early mist burning off early Saturday then sunny periods and becoming very warm or hot. Sunday starting cloudy then brightening up with sunny spells, similar on Monday, warmest in south.
